

IN THE UNITED STATES DISTRICT COURT
for the District of Delaware

Civil Act NO.
04-888-JJF
HABIAS CORPES

This letter is for the Hon Judge Joseph Tarnan JR
in the Above caption number and motion.

I am not Submitting an argument, ^{OR} Citing cases
or Making a Claim, So therefore I believe I should
not Have to Serve this letter upon the States
District Attorney- Mr Gregory Smith in this case.
"I Just Want to ask the Proceeding Judge
over this case a Question. In July 2004
I filed a Habias Corpus in this Honorable
Court. Several Days later I filed a
Memorandum in Support of my Habias Corpus,
in October 2004 the State Responded, as to
Why my Habias Relief Should fail.

I Requested to Have my Medical added to
my Habias Corpus which was Denied in December 2004
Because Medical is Not Cognizable in federal Habias
Proceeding.- I also made a Request for Counsel
which was Denied without prejudice on March 16th 2005
Because this Honorable Court stated that

Pro Se litigant has no Automatic Constitutional
or Statutory Right to Representation in this
Federal habeas Proceeding. as of April 2005
my Habias Corpus and my Memorandum to
Support my Habias Corpus Has been currently
Active in this Court about 9 months now,

While at D.C.C. I was told by the Law Library's Paralegal, "that the longer my motion stays in the Court the better it is for me, and I was wondering if I raised a sound argument with merits in my motions Memorandum. Because I was also told by the D.C.C. Law Library Paralegal that if my motion did not have any merits, that this Honorable Court would have denied my motion a long time ago, and I also believe that the motion would have been denied when this Honorable Court denied me counsel as well ~~xxx~~ as not allowing me to add my medical claims to my motion. But as it stands now, as of this month of April I will have eleven months left on my incarceration time which will be followed by level 4 Plummer Center which I'll have to serve 6 months.

I don't know how long it will take for this Honorable Court to rule on my pending ^{motion} because I've never filed a Habeas Corpus before nor do I know the Court's rule on the motion.

But I pray that I ^{have} arguable merits in my motion that will award me some relief no matter how big or small it is -

Because right now my mother is 62 yrs old just retiring last year from Christiana Care, and right now her health is not good and she needs me to assist in making repairs to her home. Right ^{now} my fate lies in the hands of this Honorable Court who has the power and authority to release me from prison, I just pray that the Court carefully review my Habeas Corpus, and that my motion

Contained arguable Valid Merits -
that would warranted Some Relief
and although I know this Honorable Court
is Quite Busy, I pray that this Court
will Rule on my motion Soon.-

4/11/05

Respectfully
David Mayfield
